

Thank you for your interest in the Blackstone Valley Curling Club. We are proud to partner with the Blackstone Valley IcePlex (121 Plain St) in Hopedale for our home ice.

Curling is one of the fastest growing winter sports in the USA. Thanks to NBC Universal Sports Channel's "Curling Night in America" as well as heavy coverage every four years during the Winter Olympics, (not to mention the Norwegian Curling Team's pants) curling is getting more exposure than ever before!

This season especially exciting as the 2018 Winter Olympics take place during our Winter session. Curling's popularity explodes during this time and we anticipate unprecedented growth!

We are proud to provide this opportunity for friendship, education, exercise and fun for the greater Blackstone Valley area.

Inside is information regarding membership opportunities for the Blackstone Valley Curling Club. We hope you join the club and we look forward to seeing you on the ice.  
Good Curling!
